## What is the opening date for pre-bookings?

- | On Tuesday 13.09.22. Not all brands offer this option. The platform will clearly indicate this.
- | For brands that offer pre-booking, you will be able to book your bike from 13.09.22 via the Demobike platform.
- | For brands that do not offer pre-booking, you will only be able to test their bikes during the course of the festival through the platform and on the spot, at the stand.

Can I book on the day of the test ride?

Yes, although the organisers recommend that you book beforehand via the official platform.

[Booking now here.](#)

Concerning bookings

## How many bikes can I reserve during pre-booking?

You can reserve up to a maximum of two bicycles on the platform.  
So choose them well!

**Concerning limits  
to the number of bicycles**

How many bikes can I test ride during the course of Sea Otter Europe?

There is no limit!

Just make sure that each bike is available.

⚠ Please note! You can only have a total of two bikes reserved in your profile with the test rides still to be completed. Therefore, if you try to book a third bike, the platform will not allow you to do so. You must first complete your two previous test rides.

Concerning limits  
to the number of bicycles

## What documentation do I need to bring?

You must present a national photo ID card, Foreigners' ID card or passport. Photocopies or the ID documents of persons other than those taking part in the service will not be accepted.

**Concerning  
the documentation**

## How long does each test ride last?

Between 30 min and 60 min, depending on the time slots established by the brands. This will give you enough time to prepare the bike, complete the route and return it comfortably.

Test rides will either be completed with or without a guide. This will be a matter of choice for each brand.

It is for this reason that the circuits are minimally signposted.

I know a route that is not part of the Demobike circuit, can I deviate and create my own route?

**No.** For safety reasons and to ensure that the test rides are carried out within the scheduled time slots, only the circuits authorised by the organisers should be used.

Are all Demobike models available on the Bike and Go platform?

**No.** BikeAndGo is a service that the organisers make available to brands and visitors so that the activity can be carried out in the most agile and comfortable way possible. Therefore, if you do not find the brand you are interested in when registering on the Demobike platform, it may be that:

- a) they are not doing bike test rides
- b) they are not using the platform. In the latter case, go directly to their stand for more information.

**Concerning demobike brands**

Do I have to bring my own equipment (helmet, sportswear, shoes)?

Yes, you must bring your own equipment. However, GARMIN will offer a rental service pg GPS (free) and ABUS will also offer a rental service of HELMETS (free).

Concerning the necessary material

What happens if I don't have my ID card/passport with me?

- | You will not be able to take part in Demobike.

Is there any insurance cover in case of an accident?

- | **Yes,** all Demobike participants will have insurance that covers the cyclist in case of an accident.

**Concerning  
possible incidents**

## What happens if I am late for my reservation?

You will lose your reservation and will have to rebook the bike depending on availability. Some brands wait up to a total of 10 minutes. Please be punctual.

# Concerning possible incidents

### Will there be a cloakroom service?

**No.** Each person should be responsible for their personal belongings.  
Some brands may have a cloakroom space at their stand.

### Will there be changing rooms with showers?

**No.**

### Will there be a bicycle storage service?

**Yes,** bicycle storage is located in the festival area and will be properly signposted. The service is free.
